

# Free STI Testing from Home

The Violet Project by Johns Hopkins Medicine

## 1. Test from home

- Order a kit at [violetproject.org/store](https://violetproject.org/store).
- Your self-test kit will arrive at your home in a plain package in 2-4 business days.
- Want to ship your kit somewhere other than your house? See tips here: [violetproject.org/shipping](https://violetproject.org/shipping)

## 2. Mail to lab

- Collect samples following the instructions in the package, or watch a video here: [violetproject.org/swab](https://violetproject.org/swab)
- An envelope is included in the package that is already addressed to the lab and paid for. Drop it off in a blue USPS mailbox.

## 3. View results

- In 7 days, you'll be notified by Violet and you can log into a secure platform to review your results.
- If you test positive, you will be set up with a virtual visit with a provider and Violet will help link you to care!

Order at [violetproject.org/store](https://violetproject.org/store)
